## 10-YEAR AWARDS

### **OVER 200 BONG MINE EMPLOYEES RECEIVE AWARDS FOR OUTSTANDING SERVICES.**

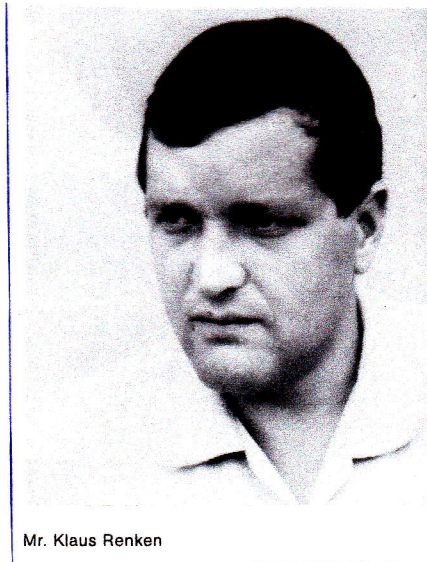

In March of this year Bong Mining Company held its fourth 10-Year Award Program at which more than 200 employees, both Liberians and expatriates, were honored.

The recipients of the awards were so honored because of long records of satisfactory performance during that time in the various departments of the Company. They have set excellent examples in discipline and cooperation for the new employees.

In 1975 Bong Mining Company, like most business enterprises throughout the world today, experienced a severe recession. In spite of this situation, Bong Mine's ore shipments were maintained at a level of 92% capacity. The Company feels this would not have been possible without the understanding and spirit of cooperation received from its employees, of whom the 10-year award recipients set the pace.

Management, on behalf of Bong Mining Company, is therefore grateful for the many years of service that its 10-year employees have contributed.

Shown are some of the persons who were honored at the Award Program.
